Some monsters are more fearsome than dragons...

A fire roars through an apartment building. Rescuers struggle through surging flames to reach stranded families—but meanwhile, sparks drift toward the nearby gas station.

A train derailment has toppled a truckload of nuclear waste, exposing trapped passengers to the dangerous radiation. But reaching them risks shifting the wreckage—and spilling even more.

A grumbling volcano threatens efforts to rescue lost hikers. When the lava begins to flow, whole towns are suddenly at risk!

Floods. Pandemics. Earthquakes and other crises that put lives and communities at risk. These are monsters of a different sort—and they call for a different kind of hero. *First Responders* puts a new spin on adventure gaming, introducing systems that let you take on real-world disasters, and other mega-challenges, of all sorts.

- ◆ Something truly new and different—*First Responders* stands out from other RPGs on your shelf!
- ◆ Who couldn't use a few true heroes in their lives these days?
- ◆ Loads of adventure content ready to play right out of the book.
- ◆ Numenera and Cypher System gamers will love using these new rules for mega-challenges in their existing campaigns.
- ◆ Got customers looking to expand their RPG experiences? The Cypher System is a well-supported line that's easy to learn and play (and sell!).
- ◆ If you can imagine it, the Cypher System delivers!
