

INVISIBLE SUN

Vislae Kit

Everything one player needs for Invisible Sun.

The core Invisible Sun game (the black cube) contains everything a full gaming group needs to play a complete campaign, including all the materials for the players as well as GM. But sometimes the players want their own stuff. And some of the game elements, like character tomes and grimoires, are consumable, so GMs and players alike may want additional copies.

The Vislae Kit is a player companion to the Invisible Sun game, containing all the stuff a single player may want. The custom Invisible Sun dice, a Sooth Deck, a grimoire pad, character tomes, tokens, and more come in a very cool box that is practically a collector's item in its own right.

- ◆ A great purchase for players who want their own game materials.
- ◆ A way for GMs to get a second copy of the consumable components in the black cube.
- ◆ And it's perfect for collectors who want to play Invisible Sun, but also keep their Black Cube contents pristine.
- ◆ An easy upsell for your customers who are excited about Invisible Sun—it's available at with the Black Cube reprint!
