Numenera Discovery is one of two corebooks. **Numenera Destiny** expands the game with new character types, campaign rules, and more.

An exciting new corebook for Numenera!

This is the Ninth World. The people of the prior worlds are gone—scattered, disappeared, or transcended. But their works remain, in the places and devices that still contain some germ of function. The ignorant call these magic, but the wise know that these are our legacy. They are our future. They are the. . .
