New options, new ways to optimize characters, and new ways to explore the Ninth World

Calaval's Parable of the Spider holds this lesson: We can no more comprehend the remnants of the prior worlds than a spider can comprehend the cathedral in which it happens to have built its web. Just as our works are beyond the understanding—or even complete perception—of the spider, we cannot understand or even fully perceive the works of the ancients. Calaval was, of course, the first Amber Pope, the founder of the Order of Truth, and the first leader of the Aeon Priests. How well do you understand them?

Explore the Order of Truth. Learn its many secrets. Work with the Aeon Priests, discover how they can optimize your character's abilities and equipment, or even join the Order as they seek to bring the wonders of the prior worlds into the Ninth World.

- ◆ A big book of character options. This fills the niche previously occupied by *Numenera Character Options* and *Numenera Character Options 2*, both now out of print. Very player focused!
- ◆ Explores one of the most influential organizations in the Ninth World. This will be a favorite of Numenera GMs.
- ◆ Contains new equipment, cyphers, and artifacts. These are like magic items in fantasy games—players and GMs can't get enough of them.
- ◆ Includes a free, double-sided poster map!
