### A LEGENDARY CLASSIC RETURNS!

Explore a sprawling fantasy city, presented in amazing detail and steeped in lore and atmosphere. Delve into the extensive dungeons beneath its streets. And maybe, when you're ready, ascend the Spire that looms overhead, the heart of an ancient and restless evil.

### AN INCREDIBLE SETTING

Ptolus: a city of mysteries, secrets, and dark histories that lies forever in the shadow of an impossibly tall spire, an enigma and a reminder of evil long past. Below the city's streets a seemingly endless network of ancient dungeons draw adventurers from all corners of the Empire.

### AN IMMERSIVE WORLD

Ptolus is alive. It has an atmosphere you feel. It's fantastic, with page after page of amazing sights and ideas. It's dynamic. But its story is yet to be told—for that will be *your* story.

### AN AMAZING PRODUCT

Ptolus is massive: 672 pages—plus a packet with a poster map and dozens of handouts. *Plus another 300 pages of downloadable content.* The layout is uniquely easy on the GM. And premium features include multiple satin bookmarks, top-notch art, and abundant cartography.

- ◆ All the content of the legendary original, updated for two versions (5e or the Cypher System)—with new art and other upgrades.
- ◆ Astounding production will WOW your customers: satin bookmarks, embossed cover, and huge pack of maps and extras.
- ◆ One of the most critically acclaimed, highly desired, fan-praised products of the 3e era. It sold out immediately upon release. Expect the limited run of these new editions to move quickly, too!
