A LEGENDARY SETTING BUILDS LEGENDARY CHARACTERS!

Ptolus is a setting for epic campaigns, and epic campaigns mean epic characters! The *Ptolus Character Portfolio* does your character justice. At 24 pages, it records all your character's abilities, skills, belongings, and everything else you find on a conventional character sheet. But it also gives you room for notes, sketches, and details. Jot down thoughts about your character's appearance and mannerisms. Make notes about connections to the other PCs along with people, creatures, objects, and locations you meet in your adventures. Keep a campaign journal, or make maps and sketches of places you've been.

The *Ptolus Character Portfolio* is perfectly sized to provide plenty of space within, but without taking up too much space on the gaming table. It's printed in full color on heavy matte paper that takes pencil and eraser easily. Even the cover is easy to write and draw on, making every player's portfolio unique from the outside in.

- ◆ An easy upsell! These portfolios are colorful, desirable, and cheap!
- ◆ The only Ptolus character sheet product available. Standard character sheets are a free download, but this is much, much nicer!
- ◆ Each pack includes five portfolios—enough for an entire gaming group at a price that amounts to just a few bucks each.
- ◆ Beautiful, colorful, and takes pencil and eraser nicely. Worlds better than a laserprinted character sheet!
- ◆ Integrates advice and tips from *Your Best Game Ever* right into the product.
- ◆ Comes in two versions: One for 5e, and one for Cypher System.
