THREE STANDALONE SCENARIOS PULL YOU INTO THE CITY OF ADVENTURE!

Rumors of a mysterious manuscript scribed by the half-god Ghul himself have been swirling around Delver's Square. A mysterious ritual offers magical ability to all who want it: nobles, elites, adventurers, and the everyday folk of Ptolus—but who reaps its hidden cost? The Cult of the Ebon Hand has been destroyed, but new echoes of transformative chaos are now leaching into the Guildsman District. Does the appearance of the Reborn, a gang of long-dead criminals now brought back to a twisted form of life, herald the return of the Ebon Hand?

Ptolus is truly the City of Adventure. These three hefty adventures take you into the city's streets, the halls of power, and the massive and labyrinthine dungeons belowground. They're suitable for 5e parties of 5th or 6th level, or Cypher System characters of second or third tier, and can be easily adjusted upward or downward to fit into your campaign!

- ◆ All-new adventures for Ptolus—the first new Ptolus content, not derived from previous 3e titles, in over a decade!
- ◆ Completely compatible with both 5e and the Cypher System; purchasers of either version of *Ptolus* will love these adventures.
- ◆ Picks up from adventure content in the main book, making it easy to integrate into a campaign.
- ◆ Adventures can also be run as stand-alones.
- ◆ Flexible! For 5th-6th level characters, but easily adapted up or down a couple of levels.
