SCORES OF EXTRA-DIMENSIONAL CREATURES FOR YOUR CYPHER SYSTEM GAME!

This beautifully illustrated collection is filled with over 150 wonderful, terrible, and weird creatures that add extra-planar excitement to your Cypher System campaign. Whether your PCs are exploring the planes, or these creatures find your them closer to home, these monsters add an engaging and unexpected twist to your encounters.

Mystify, frighten, and challenge your PCs with creatures like the taker of bones (a crooked devil that collects the skeletons of living victims), the labyrinth stalker (an ever-hungry brute that hunts those who are lost), or the dream-invading gologoth (a nightmare dweller that feasts on minds as it fills them with panic and horror).

- ◆ 150 awesome creatures from myriad extra-dimensional planes.
- ◆ A standalone bestiary that complements *Path of the Planebreaker*, *Ptolus*, or any of the Cypher System genre books.
- ◆ With the release of the Cypher System Open License, and titles like the *Old Gods of Appalachia* RPG, the Cypher System is becoming a go-to game for players moving on from standard fantasy.
- ◆ Loaded with the creativity, mind-bending ideas, and stunning art MCG is famous for.
- ◆ Who doesn't want **more monsters!**?
