## Scores of awe-inspiring creatures in an amazing presentation

This stunningly illustrated collection provides an almost infinite array of encounters, with dozens and dozens of inspiring creatures plus oodles of variants and customization options.

Many of the listings have **fold-out pages** that put tons of useful and inspiring information at the GM's fingertips. A streamlined stat block makes it easy to run the creature at the table—but delve deeper, and each entry is chock full of lore, fascinating info, and options. Customize creatures with different names, alternate special abilities and traits, interesting looks, distinct motivations, companions or pets, lair designs, unique mechanics, and more.

- ◆ With its big, beautiful fold-out pages, this book is an amazing physical production. It'll have your customers talking!
- ◆ A great purchase for gamers who are just getting into the Cypher System. (Be sure to stock the upcoming Cypher System Starter Set!)
- ◆ Like all our products, this is designed to be super easy to use. GMs will love the new stat block, the book format, and the flexibility.
- ◆ All the inspiration and incredible production values you expect from MCG!
- ◆ Got customers looking for a new RPG? The Cypher System is well-supported and easy to learn, play—and sell!
