## Sci-fi, fantasy, horror, and more— great adventures from across the Cypher System!

Showcasing the Cypher System's elegant handling of different genres and styles, this anthology serves up an exciting variety of adventures. Science fiction, fantasy, fairy tales, superheroes, horror, and more—it's all covered here, giving you a wide range of options and moods.

Many of the adventures are set in fan-favorite Cypher System settings, such as Predation, The Strange, and Numenera. They're easily integrated into an ongoing campaign, but also make great one-shots—you don't need anything other than this book (and the *Cypher System Rulebook*, of course) to fully enjoy their atmosphere, mysteries, exciting encounters, and amazing storylines.

- ◆ Perfect for catching the wave of growing Cypher System interest.
- ◆ Releases the same month as the Cypher System Starter Set. You're going to have a lot of RPG customers asking for Cypher System content!
- ◆ Six hefty adventures in a hardcover book.
- ◆ Fans of Numenera, Predation, and The Strange will want these crossover adventures—and new players may want those titles after playing these adventures!
- ◆ Got customers looking for a new RPG? The Cypher System is well-supported and easy to learn, play—and sell!
