Statement Begins...

Who knows where your *The Magnus Archives* campaign will take you—or what you'll become? This portfolio does your character—and their story—justice. At 24 pages, it records all your character's abilities, skills, belongings, and everything else you find on a conventional character sheet. But it also gives you room for notes, sketches, and details. Jot down thoughts about your character's appearance and mannerisms, connections to the other PCs, and the people, creatures, and locations in your adventures. Keep a campaign journal, or make maps and sketches of places you've been.

The Magnus Archives Character Portfolio is perfectly sized to provide plenty of space within, but without taking up too much space on the gaming table. It's printed in full color on heavy matte paper that takes pencil and eraser easily. This set gives you five Character Portfolios—enough for the whole party!

- ◆ An easy upsell! Colorful, desirable, and inexpensive!
- ◆ The only character sheet product available. Standard character sheets are a free download, but this is much, much nicer.
- ◆ Each pack includes five portfolios—enough for an entire gaming group at a price that amounts to just a few bucks each.
- ◆ Beautiful, colorful, and takes pencil and eraser nicely. Worlds better than a ratty old laserprinted character sheet!
