Statement Begins...

Enter the archives and encounter the NotThem, the Anglerfish, or the Man Upon the Stair. Learn the truth of the books of Jurgen Leitner, the coffin that is also a pit, and The People's Church of the Divine Host. Work alongside Jonathan and Martin, Basira, Daisy, and the rest of the staff. Or create and investigate your own supernatural horrors.

This complete TTRPG lets you delve into the world of the top horror podcast. Interact with the podcast characters and pursue classic horrors from the show as a researcher at the Magnus Institute. Or create your own similar institution and investigate horrors of your own creation. There's even a very cool system for generating new statements, as a group, to create your adventures!
