

# Neon Rain

Dance on the edge of what it means to be human in a world of gritty streets and slick technology...

Holographic ads and fortified skyscrapers loom over the city's decaying streets. Gangs battle in the alleyways, while above the fray faceless megacorps control political, economic, and military power. Cybernetics are as common as mobile phones—but life on the streets is brutal and short, and the line between survival and anonymous death often hangs on just *one more questionable job*...

Take your Cypher System game into the cyberpunk realm with *Neon Rain*. Install cybernetic upgrades, use VR to hack corpo mainframes, and dodge guardians and traps built by hostile AIs. Smuggle designer drugs, or tweak with your own body chemistry and risk addiction and death. Chase and be chased at breakneck speeds on futuristic highways under a night sky.
