

INVISIBLE SUN

The Wellspring

Launch an RPG campaign like nothing you've ever experienced!

The Actuality—the true universe, unlocked with Invisible Sun—is an amazingly rich and vibrant setting. And vislae are complex and richly realized player characters. Together, they can build astonishing, atmospheric, and truly epic campaigns!

Invisible Sun narratives are driven by the goals and character arcs of the PCs, but *The Wellspring* helps get things started with many sessions' worth of material to draw from—detailed locations, NPCs, creatures, and organizations both new and familiar, each with interesting props and handouts to help create the full immersion for which Invisible Sun is legendary. This product contains the hardcover book *The Wellspring*, along with dozens of supporting props, a slipcase, spell cards, and storage space for additional props from other Invisible Sun products or of your own making.

- ◆ Loads of adventure *specifically designed* for GMs and players getting into their first Invisible Sun game—but fantastic for veterans too.
- ◆ Includes dozens of props and spell cards.
- ◆ The slipcase is sized to fit other Invisible Sun supplements, and the sturdy prop box stores additional game items beautifully!
- ◆ A full line of additional supplements will be reissued over the year to come. This is a gamer's game, with a LOT of meaty support!
- ◆ Invisible Sun is elegant, sophisticated, and beautiful—the physical product and the gameplay too. There's really nothing else like it!
