Great characters and great campaigns!

Invisible Sun characters—*vislae*—are as unique, vibrant, and sophisticated as the game itself. **Invisible Sun: Indigo** (the core game) contains character tomes, grimoir pages, and other consumables sufficient for the whole group. But what if you need more, or the GM wants to keep their copy of Indigo from being used up?

Vislae's Companion includes items an individual player may want for themselves: character tomes for each order, other consumables (such as grimoire pages) and references, and an introduction to the setting and basic game rules in the Invisible Sun Primer in print. It's all in a handy folio that keeps materials organized between games, and, when opened on the table, makes a handy pool tracker.

- ◆ Great for GMs who aren't keen to hand the players all of the consumables from their copy of Indigo.
- ◆ Great for players—filled with super-handly components and game information.
- ◆ An easy, inexpensive upsell for anyone getting into Invisible Sun.
- ◆ A full line of reissued supplements is on the way. This is a gamer's game, with a LOT of meaty support coming!
- ◆ Invisible Sun is elegant, sophisticated, and beautiful—the physical product and the gameplay too. There's really nothing else like it!

Invisible Sun: Indigo
 Boxed set with 4 books, 1000+ cards, and more
 MSRP \$179.00
 MCG421
 ISBN 978-1-950568-72-7
