INVISIBLE SUN

Invisible Sun: Indigo

A new presentation of the legendary RPG

The legendary **Invisible Sun** RPG immerses you in magic that feels truly magical, characters that are deep and memorable, and rich and satisfying campaigns. Now in a re-envisioned presentation, it's a perfect jumping-in point for this acclaimed RPG.

Do you think you live in the real world? You don't. This world you see around you right now—the computer you're reading this on; the room you sit in; your job—it's all Shadow; a world illuminated only by the Grey Sun. You came here, long ago, for shelter, but now it has become your prison.

Awaken, and discover your true self. Return to the Actuality and to Satyrine, the city under the Indigo Sun. You are a vislae, a wielder of magic; a shaper of reality; a student of secrets and the real truths that lay hidden within the Actuality.

Invisible Sun is an RPG of surreal fantasy, magic that truly feels magical in play, and deep and complex characters enmeshed in compelling, powerful stories.

- ◆ A lush, beautiful game unlike any other RPG on the market—a true gamer's game that takes players places they've never before been.
- ◆ A more affordable, accessible version of the core game than the famous Black Cube. It's **not a new edition**—just a more retail-friendly (and budget-friendly) version.
- ◆ A massive, 25-lb+ production in a hefty, eye-catching box.
- ◆ Gameplay and the surreal fantasy setting are as rich, sophisticated, and beautiful as the physical product. There's really nothing else like it!

Vislae's Companion

Folio

MSRP \$23.00

MCG432

ISBN 978-1-950568-77-2

Spell Cards Set
